Report summary	<p>Following the appointment of the Police and Crime Commissioner in May 2016, the Police and Crime Plan was developed throughout 2016 with the Chief Constable and a final version was presented to and approved by the Police and Crime Panel on 1 February 2017.</p> <p>Since then a number of developments have occurred. Significant delivery of the Plan has taken place over the past two years; a new Chief Constable has recently been appointed; and the partnership structures supporting delivery of the Plan have undergone substantial development and change.</p> <p>The Commissioner and Chief Constable have reviewed the Police and Crime Plan and determined the next phase of delivery which includes changes to joint meeting and reporting structures.</p> <p>The Business Co-ordination Board (BCB) is a joint governance forum of the Commissioner and Chief Constable and their respective officers. It has been agreed the BCB will meet monthly and a rationalisation of sub groups has taken place. Items previously undertaken by separate Performance working group and Finance sub groups will be dealt with at BCB which will allow for a more holistic consideration of the Constabulary performance in the context of the Police and Crime Plan and allow for closer alignment of operational planning/delivery and the management of finance that support it.</p> <p>In addition, each BCB will receive in depth reports presented on one of the themes (Victims, Offenders, Communities, Transformation) detailing progress on delivering the actions identified within those themes.</p>
-----------------------	---

	<p>Documents have been developed that articulate priorities for action by the Constabulary and the broader partnership support required during 2019-20.</p> <p>Appropriate business intelligence and performance indicators will be identified to each of the themes to enable BCB to assess progress.</p> <p>The Transformation document is attached as an example.</p>
